

## BISHOP MOUZON TO VISIT TULSA SUNDAY

Leader of Methodist Church to Occupy Pulpit at Boston Avenue Church at Morning Service.

## IS URGED TO LOCATE HERE

Many Cities Have Extended Invitation, But Dallas Divide is Said to Have Liked for Magic City.

Bishop Edwin D. Mouzon of Dallas will fill the pulpit of Boston Avenue Methodist Church, south, Sunday morning.

An effort has recently been made to induce Bishop Mouzon to move to Tulsa, members of the denomination recognizing that this city is a desirable place in which to reside. Bishop Mouzon, however, has declined the offer, but he has indicated that he would like to remain in Dallas, but he hints that Tulsa may be his home at a later date. He has held the post of Oklahoma conference five times and is personally acquainted with the people of this state, and there is no doubt but that his influence among them would be great.

Bishop Mouzon, though one of the younger bishops of the southern Methodist church, having been elected to that position in May of 1917, is considered probably the strongest among them. He combines a powerful intellect with a personality that enables him to reach the hearts of the people. In his recent years has been with the southern Methodist university at Dallas, where he is chairman of the board of trustees. All of his nine years was in Texas, except four years spent in Kansas City. At the time of his elevation to the high place he now holds, he was dean of the theological department of Southern Methodist university.

Bishop Mouzon lost his wife shortly over a year ago, but his young daughter will fill her place as a charming hostess in Tulsa's social and church life if the bishop is finally persuaded to turn deaf ears to the pleadings of his admirers in Dallas and reside in Tulsa.

## TRUANT CASES SHOW 40 PER CENT DECREASE

According to Ben L. Wright, the truant officer of this city, there is 40 per cent less truants in Tulsa today than there was two months ago. The officer has put on a regular campaign to round up the youth of the city who are absent from school, and has been rapidly reducing the percentage to a minimum.

Wright states that while he had expected to have trouble with the parents or guardians of the children, he has found very few cases of truancy. Most of the boys who are coming to school are doing so because of the fear of the school authorities, and not because of any real desire to learn. The officer is having to run these boys down and take them to school, and according to his accounts it is a question in the minds of the juvenile authorities of the city whether the percentage of school truants can be made any smaller.

The rapid reduction in truants in the past two months has been due in some degree to the checking of the influenza epidemic. Many children acquired the habit of staying out during this time and had to be emphatically reminded again. Those who are staying out now will have to be given something more stringent than a reprimand to get them in line.

## DOCTORS SAY CALOTABS ARE BEST FOR FLU

Influenza and Grippe, Like Ordinary Colds, Require Calotabs, the Perfected Calomel That Is Free From Nausea and Danger of Salvation.

Physicians and druggists claim that the great epidemic of influenza has conclusively demonstrated that the oldest preventive of colds and the best preventive of influenza, and pneumonia is to keep the liver active so that the digestive organs may be in perfect condition. For this purpose, Calotabs, the new nuxemium calomel that is freed from the sickening and salivating effects, is the most thorough and dependable, as well as the most palatable laxative.

Calotabs have the special advantage of not making the patient sick and weak, as they are free from the nauseating and griping qualities and do not upset the delicate action of the stomach. One Calotab at bed time with a swallow of water—that's all. No salts, no nausea, no griping, no interference with your eating, pleasure or work. Next morning your cold has vanished, your liver is active, and you are feeling fine with a hearty appetite for breakfast.

For your protection, Calotabs are sold only in original sealed packages, price thirty-five cents. Sold by all druggists and your money back if you are not glad you got them.—Adv.

Be Better Looking—Take Olive Tablets

If your skin is yellow—complexion pallid—tongue coated—appetite poor—you have a bad taste in your mouth—a lazy, no-good feeling—you should take Olive Tablets.

Dr. Edwards' Olive Tablets—a substitute for calomel—were prepared by Dr. Edwards after 17 years of study with his patients.

Dr. Edwards' Olive Tablets are a purely vegetable compound mixed with olive oil. You will know them by their olive color. You will have a clear, pink skin, bright eyes, no pimples, a feeling of buoyancy like childhood days you must get at the cause.

Dr. Edwards' Olive Tablets act on the liver and bowels like calomel—yet have no dangerous after effects.

They start the bile and overcome constipation. That's why millions of boxes are sold annually at 10c and 25c per box. All druggists. Take one or two nightly and note the pleasing results.

JEFF CHAPMAN NOT AGRIEVED AT MUNROE

"Share for me that I have no grievance against County Attorney Tom Munroe," said Jeff Chapman on a visit to The World office last night. "Mr. Munroe retired from the grand jury room when I appeared there as a witness, but I did not request him to do so and I have no objection to seeing him anywhere. My business before the grand jury had nothing to do with the conduct of his office, but was concerning a criminal case in which I am interested. I am confident in the grand jury and I have confidence in the men who heard me and believe they will do the right thing."

Chapman circulated the petition which brought about the convening of the first grand jury in Tulsa county in four years. His purpose was to cause an inquiry into an alleged violation of the law, which the county attorney investigated but failed to develop sufficient evidence to warrant prosecution. Munroe retired out of courtesy to Chapman and left the grand jurors to be guided by their own judgment in the consideration of the case.

## TULSA MILK SUPPLY MENACED BY SALES

Harter Dairy, Supplying Two Hundred Families, Announces Will Go Out of Business.

J. P. Harter, one of Tulsa's oldest dairy men in Tulsa, who for years has supplied residents of the south part of the city, is going out of business and has advertised his cows, stock and outfit for sale. Whether the plant will be sold in whole and continued, or sold in parts and dismantled will be determined at an auction sale to take place at the farm one mile north of Kendall on Tuesday, March 13.

This is the second large dairy concern supplying Tulsa with milk, to quit business this year.

There already is a serious shortage in the milk supply and the situation will be made worse by the suspension of large plants like the Harter farm, which has 40 cows and furnishes 45 gallons of milk daily distributed to more than 200 families.

Mr. and Mrs. John Smith, who leave shortly to take up their residence in Sand Springs, have a farewell supper to their friends at their home last evening. Among others present were the Misses Abbott and Strange of the Tulsa hospital.
